

Constance

©2011 Joe Streno

Constance is as constance was
At sixteen wed without love
Two children playing house
There came a third and she's not proud

(Chorus)

And she tries a little harder
To make things a little better
She'll be a little stronger
That's what Constance does

Even keel & steady flow
Constance is what she knows
Husband works that fishing line
Always gone months at a time

(Chorus)

And she tries a little harder
To make things a little better
She'll be a little stronger
That's what Constance does

Constance had dreams of her own
Now Constance cooks now Constance sews
Mending the nets that won't let her go
Inside she dies ... but you'll never hear her cry

(Bridge)

Constance don't you know
Your namesake loves you so
Hold tight don't let go
Oh Constance pull here near

Constance is as Constance was
Five years old and filled with love
Two children playing house
The doll her daughter & she's so proud

(Chorus x2)

And she tries a little harder
To make things a little better
She'll be a little stronger
That's what Constance does
